## SYSTEM AND METHOD FOR GENERATING MULTI-PHASE CONSTRUCTION PLANS

## ABSTRACT OF THE DISCLOSURE

5

10

A method includes identifying a plurality of facilities in a complex. Each facility is associated with a construction project. The method also includes determining a potential revenue associated with at least one of the facilities. The method further includes determining a cost associated with at least one of the facilities. In addition, the method includes generating a schedule of the construction projects using the identified potential revenue and the identified cost.
